

Effortless Video Conferencing for Huddle Rooms

Lifesize® Icon 450™

Bring everyone into the picture

Starting a meeting over video should be effortless. Wouldn't it be nice to walk into a huddle room and feel confident that everyone in the room is visible and centered in the picture? No fuss or hassles to adjust the camera — just video communication as it should be. Sharing ideas and collaborating is as easy as if your teammates were right there in the room. With Lifesize, your huddle room is connected to wherever people happen to be — in lifelike, crystal clear HD quality. Focus on your meeting and let Lifesize Icon 450 handle the rest. When you walk in the room, it's ready to go.

If you're looking for a simple, scalable way to deploy integrated, plug-and-play conference room systems across your offices, Lifesize Icon 450 is a perfect fit. With the Lifesize® cloud-based service and Lifesize® Phone™ HD, you get a seamlessly integrated audio, web and video conferencing service, programmable touchscreen control and exceptional audio quality. There simply isn't a more powerful and easy-to-use video conferencing solution.

Perfectly designed for huddle rooms

Just because huddle rooms are small doesn't make them less important. Many would argue that they are the most productive rooms in the building. Huddle rooms are flexible and allow for spontaneous collaboration. The technology in them should empower teams, not hold them back. Lifesize Icon 450 gets you into the meeting quickly, connecting people to get work done.

Lifesize Icon 450 is perfectly designed to bring the power of video communication to huddle rooms. The smart-framing sensor automatically adjusts the camera to ensure that everyone in the room is visible during the call. Its exceptionally sharp wide-angle lens provides an expanded field of view, capturing everyone on screen even in small meeting spaces. The HD camera system and smart-framing capabilities are integrated into one compact package, so it's simple to set up and fits easily on a credenza. Its HD video and crystal clear audio erase distance and put everyone into the same space, making meetings more productive and efficient.

Effortless Video Conferencing for Huddle Rooms

Lifesize® Icon 450™

Pair to the Lifesize cloud-based service*

Simplified setup through auto-provisioning, video network management and secure NAT/firewall traversal will accelerate deployment throughout your organization. The Lifesize Admin Console gives you the control you need to quickly and easily administer and manage your Lifesize account and your Lifesize HD camera systems and phones. Use the robust dashboard to track usage by call, minutes, users and average call time. All of the information you need to make the most of your investment is right at your fingertips.

Capitalize on the power of our cloud-based audio, web and video conferencing service to deliver substantial benefits to your business. Simple one-on-one calls that can quickly escalate to group calls by clicking on a name in a directory are strong enticements to hold meetings via video. Add on Lifesize Record and Share to record meetings and share them with any number of viewers with the push of a button. Only Lifesize delivers one solution for simply connecting your conference rooms to everyone who needs to be in the meeting — from anywhere, on any device.

Touchscreen control with Lifesize Phone HD

Lifesize Icon 450 and Lifesize Phone HD make a winning combination for the huddle room. Lifesize Phone HD delivers audio quality so clear that you can catch every whisper. This programmable, touchscreen device simplifies your meeting room experience by putting all of the essential conferencing functions at your fingertips. Easily launch calls, share content, add participants, view your meeting calendar and more. With Lifesize Phone HD, you can manage Lifesize audio, web and video conferencing from one highly intuitive device, so there's no need for a separate phone for audio conferences. Reduce complexity and reclaim some space on your conference table. Designed for simplicity, Lifesize Phone HD is the only phone you need in the huddle room.
